Dear Mr. Kolman:

I discussed with Art Kelley the sale of a collection of Colonial and Continental currency but, unfortunately, Art is very sick and cannot undertake the matter. He suggested that I contact you.

The collection consists of almost 1100 different pieces of Colonials and Continentals and includes a large group of Paul Revere notes, Franklin notes, a complete set of Continental currency, a large quantity of Georgia notes, etc. It has early New York rarities of 1709, early Massachusetts rarities of 1722, etc.

I am enclosing, for your inspection, a list of the collection. It is available for examination and if you are interested in it please feel free to contact me.

I think it would be nice if you would write Art a letter at the Jewish Hospital in St. Louis.

Sincerely yours,

ERIC P. NEWMAN

Gentlemen:

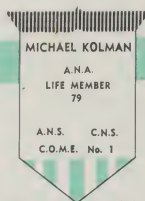

During the convention, I examined certain books which you have available and wanted to know what you would charge for Doughty, "On Cents", and also what you would charge for the Numismatic Scrapbook Magazines you have prior to 1940.

May I hear from you on these so that I can add them to my library.

Sincerely yours,

ERIC P. NEWMAN
